FIRE PROTECTION SYSTEM **TESTING COMPANIES**

- The following list of fire protection contractors performing the testing of automatic fire sprinkler and other fire protection systems is provided as a convenience and is not to be considered an endorsement nor a complete list.
- Contractors must be licensed by either the Contractors State License Board of the State of California Department of Consumer Affairs (with a C-16 license), or the State Fire Marshal (with a class I, II, or III license).
- Please visit the Contractors State License Board website at www.cslb.ca.gov (or call 800-321-CSLB) for important consumer information before hiring a contractor, to verify contractor's licenses, and for questions or complaints.
- Testing of automatic fire sprinkler systems must be done in accordance with Title 19 and the Glendale Fire Code (the Glendale Fire Code's required testing intervals are on the back).
